The following items previously furnished by Lieutenant ALLEMAN were submitted to the FBI Identification Division, Latent Fingerprint Section, for examination:

1. A yellow-colored leaflet entitled "Hands Off Cuba."

2. A white-colored leaflet entitled "The Truth About Cuba is in Cuba."

The Identification Division was requested to examine the above items for any latent fingerprints and to compare any latent fingerprints developed with those of LEE HARVEY OSWALD. On July 31, 1964, the Identification Division advised that one latent fingerprint had been developed on Item #1, a yellow-colored leaflet entitled "Hands Off Cuba." In addition, one latent fingerprint had been developed on Item #2, a white-colored leaflet, entitled "The Truth About Cuba is in Cuba."

The Identification Division further advised that the two latent fingerprints developed are not identical with the fingerprints of LEE HARVEY OSWALD.
